SUMMARY

Computer Engineering student at Beykoz University (expected graduation: June 2027) with a strong focus on artificial intelligence and cybersecurity. Certified by Google in Cybersecurity and AI Fundamentals. Skilled in C++, Python, Java, Dart/Flutter, and JavaScript, complementing hands-on experience in mobile application development, team leadership, and debugging. Actively seeking a summer internship or part-time junior engineer position to contribute to real-world projects and gain professional experience.

EDUCATION

Beykoz University – Faculty of Engineering and Architecture *Expected Graduation: June 2027*
Bachelor of Science in Computer Engineering (English)

TECHNICAL SKILLS

Programming Languages: C++, C, Python, Java, JavaScript, C#, Dart, CSS/HTML
Frameworks & Tools: Flutter, Android Studio, SQL, Git, Microsoft Office Suite, Google Workspace
Core Competencies: Data Structures & Algorithms, Problem Solving, Debugging, UI/UX Design, Agile Teamwork
Platforms & OS: Windows, Linux, Logisim
Languages: Turkish (Native), English (C1 – Advanced), German (A2 – Elementary)

CERTIFICATIONS

- **Google Cybersecurity Professional Certificate** *Jan 2026*
- **Google AI Fundamentals Certificate** *Mar 2026*

PROJECT EXPERIENCE

Walletly – Smart Expense Tracker | Team Leader *Jan 2025 – May 2025*
- Led project team: organized meetings, set milestones, and ensured timely delivery of the product.
- Made key architectural decisions and aligned the team's technical direction with project goals and timeline.
- Focused on UI/UX improvements to deliver a polished, user-friendly personal finance management experience.

GIMBO – Course Helper Application | Team Leader *Sep 2024 – Dec 2024*
- Led the full development lifecycle as Team Leader: task distribution, technical guidance, and progress tracking.
- Conducted user needs analysis and contributed actively to design and architecture decisions.
- Delivered the desktop application for student course/task management on schedule and at target quality.

Pill Reminder – Medication Tracking App | Team Member *Jan 2024 – May 2024*
- Developed core modules and performed systematic debugging throughout the coding lifecycle.
- Proactively identified potential UX issues and refined the interface for a seamless user experience.
- Collaborated closely with teammates on module integration, ensuring smooth technical workflow.

EXTRACURRICULAR & VOLUNTEERING

Beykoz University Computer Engineering Society | Society Member *Oct 2023 – Present*

Organized technical study groups focusing on Object-Oriented Programming (OOP) concepts and database management systems.

Beykoz University Software Engineering Club | Club Member *Dec 2024 – Apr 2026*

Engaged in peer code review sessions and collaborative debugging practices to improve overall code quality and maintainability.

Google Developer Student Clubs (GDSC) Beykoz University | Club Member *Jan 2024 – Jun 2025*

Attended specialized training sessions on Artificial Intelligence and Cybersecurity fundamentals to stay updated on emerging industry trends.
